Service User Forum

About the Service User Forum

As a person being supported by Ormerod we want to know what you think about your service and about anything we can do to help you live your life, in your community, in the way you want.

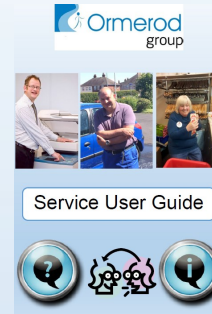

One of the ways we do this is by having a Service User Forum every three months that is chaired by the people we support for the people we support.

Things we have discussed

What to include in the new guide to your services.

Police have talked with us about what hate crime is and how we can report this.

Blackpool Transport have talked with us about local transport issues.

Things we have discussed

How your Local Authority works and how they may need to do things differently.

News from the Care Quality Commission.

Different ways that Ormerod can plan for the future to continue to make things better.
